

APPLICATION:

1'X4' OT

General illumination for most commercial applications including schools, offices & retail spaces.

PRODUCT FEATURES:

- · Mitered door frame prevents light leaks and minimizes dust from entering fixture
- · Constructed of one-piece ribbed unitized housing and corners that interlock, preventing aesthetic damage to luminaire
- Door frame is designed with cam latches and T-hinges to secure frame to housing and allows for easy lamp maintenance.
- Gasketed door frame prevents light leakage.
- Clear 0.100" thick #12 pattern acrylic lens is standard
- · Housing and door frame interface provides a superior mechanical light seal and hinges down for easy lamp replacement
- Ballast can be accessed from below the ceiling
- · Post-painted high-gloss white powder coat finish maximizes distribution and efficiency while providing visual comfort
- · Four corner tie points are standard for safety wire support when required

- · All sides and corners are turned in and hemmed, removing sharp edges for safe handling and installation
- · Built-in earthquake clips standard
- · Same-day shipping on most options (Consult factory)
- Supplied standard with Philips Advance, GE or Universal ballast
- Wide variety of dimming and daylight harvesting options available
- · CEE qualified ballast comes standard on most fixture options (Consult factory for details)
- NEC required ballast disconnect is standard

UL/C-UL listed to US and Canadian standard

WARRANTY

Guaranteed for one year against mechanical defects
