ASI1-LED

ARCHITECTURAL LED SUSPENDED LINEAR DIRECT SYSTEM

PERFORMANCE - The light engines found in the ASI1 are rated at 85+ CRI and are available in multiple CCTs: 3000K, 3500K, 4000K and 5000K. Rated and tested to LM-79 and LM-80 standards. The LEDs are also binned to a 3-step MacAdam ellipses to achieve consistent color from fixture to fixture.

ELECTRICAL - Powered by high-quality constant-current power LED drivers which are rated for 50 to 60Hz at 120-277V input, produce less than 20% THD, and have a power factor of .90 to 1.00. Male and female 12-gauge 6-wire plug connectors are included with every fixture to allow for simple hassle-free continuous wiring. Each fixture must be installed male to female.

DIMMING - The ASI1-LED comes standard with 0-10V dimming on either 120 or 277V. Dimmable down to 1% of initial lumens. Also available in Lutron dimming options. Consult factory for dimmer compatibility.

MOUNTING - Pre-drilled mounting holes come standard on every fixture for cable suspension system and power cord every 48" and 96".

OPTIONS - Adjustable cable suspension system provides fast installation into a variety of interior heights, including sloped ceilings. Fixtures can be shipped pre-installed with daylight harvesting controls, occupancy sensors, and/or power pack. Available manufacturer options include Leviton, Wattstopper, Hubble Automation, and others.

QUALITY CONTROL - Every fixture is turned on and rigorously tested by our QC Department before shipping.

WARRANTY - Limited 5 Year Warranty

Male & Female for Continuous Row Mounting

APPLICATION:

Open office space ambient lighting for virtually glare-free and shadow free illumination. Ideal for school classrooms, meeting rooms, and retail stores

PRODUCT FEATURES:

- Designed to mount on exact 4' and 8' centers
- Joiners will accept sterns, single cable, "V" cable and power cords
- An optical system engineered to maximize the output of LED light engines
- Can be mounted from 12" to 18" from the ceiling while still producing very wide distribution for even ceiling brightness
- Fixtures are shipped with die-cast aluminum joiners installed for suspension and structural continuity
- Fixtures are designed with a white acrylic overlay that provides glowing ambient downlighting
- White 20-gauge roll-formed steel housing
- Rated at 85+ CRI and available in multiple CCTs
- Life tested to ensure light output of L70 up to 150,000 hrs and L85 up to 65,000 hrs
- Tested to LM-79 and LM-80 standards
- LED lighting technology offers the highest return on initial investment over the lifetime of the fixture
- Dimmable down to 1% with compatible dimming systems
- LED light engine is completely removable and upgradable

SUM - Single unit mounting
