ACL-101-LED

RGBWW LED Landscape Spotlight

DIMENSIONS

NOMINAL LUMENS	DELIVERED LUMENS	WATTAGE
400L	400L	5W

Based on 4000K, 90+ CRI. Actual wattage may vary +/- 5%

FEATURES

DYNAMIC COLOR CONTROL MADE EASY

This landscape spotlight features RGBWW technology which combines vivid RGB color and various warm and cool white CCTs, for tailored, dynamic illumination. An adjustable knuckle enables precise aim and control, while various compatible optics and mounting options allow for further customization. Uniquely designed for easy color customization at the push of a button—no DMX controls needed.

Capable of 17 total color scenarios and ideal for vibrant accent and landscape lighting in gardens, courtyards, parks, pathways, building facades, and more.

IP65 and wet location rated.

ACL-101-LED
RGBWW LED Landscape Spotlight

OPTICS
Features a regressed clear, heat resistant tempered glass lens. A built-in hood enables low-glare and optimal beam direction. Narrow Flood (36°) distribution optic included, standard.

Compatible with various other optics for tailored illumination (see OPTIONS & ACCESSORIES for details). (PENDING)

Available in 400L and with RGBWW technology, a vivid RGB + Warm White/Cool White which allows for 17 dynamic scene options, including 5 CCT (27K/30K/35K/40K/50K), 7 solid color and 5 multi-color options.

Color scenarios and CCT can be adjusted by pressing the button on the back of the luminaire head. No DMX controls necessary.

An adjustable knuckle with 115° upwards tilt and 15° downward tilt allows for precise aim and control. Knuckle included, standard.

CONSTRUCTION
Housing built from a durable, anti-corrosive aluminum alloy for safe outdoor use. A slim, lightweight profile allows for easy mounting and installation.

Fully sealed and gasketed for wet location use.

RGB color changing and multi-CCT button located on back of luminaire head. Available in black and bronze finishes.

MOUNTING & INSTALLATION
Suitable for ground, gutter, tree, and surface mounting. Standard ground mounting stake included.

MAINTENANCE
Fixture can be regularly and safely wiped down to ensure optimal fixture performance.

OPTIONS & ACCESSORIES
Various gutter, tree, surface, and mounting options available to order separately.

See order chart for more details.

DRIVER & ELECTRICAL INFORMATION
Powered by high-quality constant-current power LED drivers which are rated for 50 to 60HZ at 120V-277V input, produce less than 20% THD, and have a power factor of .90 to 1.00.

WARRANTY
5-year warranty for parts and components (labor not included).

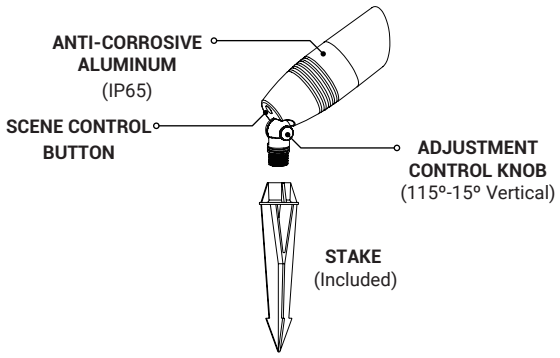

LISTINGS
ETL listed.
UL wet location rated.
IP65 rated for wet location use.
