SIZE	LUMENS	WATTS
Ø17"	2500L	40W
Ø23"	3500L	50W

OPTICS & PERFORMANCE

The optical system delivers high-efficiency LED light that passes through a one-piece, high-quality (PC) Polycarbonate lens, ensuring optimal distribution patterns. This design creates a glare-free and even distribution of light. The ingenious technology minimizes glare and eradicates any hot spots, providing unrivaled light control.

The one-piece lens disperses light evenly in every direction. As a result, it produces a seamless and ambient glow, transforming your environment into a captivating haven of illumination.

CONSTRUCTION

The metal body integrated with a one-piece (PC) Polycarbonate lens, creates a strikingly contemporary design. This luminaire, constructed with premium metal showcases modern aesthetics and durability.

Engineered to perfection, our cutting-edge lighting solution includes essential features such as a 10ft adjustable aircraft cable and an integral driver for effortless installation and impeccable performance. With its seamless fusion of form and function, this LED masterpiece delivers unparalleled illumination, creating an ambiance of refined elegance and technical excellence that complements any modern setting.

MOUNTING

Suspended mount option: Delivered with an adjustable 10-ft length cord, our pendant mount provides the flexibility you need for seamless installation. Engineered to accommodate various mounting heights and ceiling types, this lighting solution offers adaptability to suit any space.

For added convenience, our canopy can be directly mounted to the junction box, facilitating below-the-ceiling access for easy maintenance and servicing.

ELECTRICAL

Driver is rated for 50 to 60Hz at 120V input, produces less than 20% THD, has a power factor between 90% and 100%, and is thermally protected for additional safety.

DIMMING & DRIVER INFORMATION

DIMTR - Triac & Electronic low voltage dimming. Available in 120V
DIM10 Flicker Free 1% Dimming Standard (DIM10) 0-10V dimming on either MVOLT 120 or 277V. 347V please consult factory.

WARRANTY

Five-year warranty for parts and components. (Labor not included)
