OPTICS & PERFORMANCE

The optical system delivers high-efficiency LED light that passes through a one-piece, high-quality silicone lens, ensuring optimal distribution patterns. This design creates a glare-free and even distribution of light. The ingenious technology minimizes glare and eradicates any hot spots, providing unrivaled light control.

The one-piece diffuser disperses light evenly in every direction. As a result, it produces a seamless and ambient glow, transforming your environment into a captivating haven of illumination.

CONSTRUCTION

The aluminum body integrated with a one-piece silicone diffuser creates a strikingly contemporary design. This luminaire, constructed with premium silicone and high-quality aluminum materials, showcases modern aesthetics and durability.

Engineered to perfection, our cutting-edge lighting solution includes essential features such as 10ft adjustable aircraft cables and an integral driver for effortless installation and impeccable performance. With its seamless fusion of form and function, this LED masterpiece delivers unparalleled illumination, creating an ambiance of refined elegance and technical excellence that complements any modern setting.

MOUNTING

Suspended mount option. Delivered with adjustable 10-ft length cords, our pendant mount provides the flexibility you need for a seamless installation. Engineered to accommodate various mounting heights and ceiling types, this lighting solution offers adaptability to suit any space.

For added convenience, our canopy can be directly mounted to the junction box, facilitating below-the-ceiling access for easy maintenance and servicing.
