SIZE	LUMENS	WATTS
Ø23"	3500L	50W
Ø35"	4600L	76W

**OPTICS & PERFORMANCE**

The optical system delivers high-efficiency LED light that passes through a one-piece, high-quality acrylic lens, ensuring optimal distribution patterns. This design creates a glare-free and even distribution of light. The ingenious technology minimizes glare and eradicates any hot spots, providing unrivaled light control.

The one-piece lens disperses light evenly in every direction. As a result, it produces a seamless and ambient glow, transforming your environment into a captivating haven of illumination.

**CONSTRUCTION**

The aluminum and metal body, integrated with a one-piece acrylic lens, creates a strikingly contemporary design. This luminaire, constructed with premium aluminum and metal showcases modern aesthetics and durability.

Engineered to perfection, our cutting-edge lighting solution includes essential features such as 10ft adjustable aircraft cables and an integral driver for effortless installation and impeccable performance. With its seamless fusion of form and function, this LED masterpiece delivers unparalleled illumination, creating an ambiance of refined elegance and technical excellence that complements any modern setting.

**MOUNTING**

Featuring both ceiling mount and suspended mount options, this fixture is designed for easy installation directly onto the ceiling surface, ensuring a seamless and stylish addition to any room. With the suspended mount option, the fixture comes delivered with adjustable 10-ft length cords, providing the flexibility needed for a seamless installation. Engineered to accommodate various mounting heights and ceiling types, this lighting solution offers adaptability to suit any space and customize your lighting setup.

**ELECTRICAL**

Driver is rated for 50 to 60Hz at 120V input, produces less than 20% THD, has a power factor between 90% and 100%, and is thermally protected for additional safety.

**DIMMING & DRIVER INFORMATION**

**DIMTR** - Triac & Electronic low voltage dimming. Available in 120V **DIM10** Flicker Free 1% Dimming Standard (DIM10) 0-10V dimming on either MVOLT 120 or 277V. 347V please consult factory.

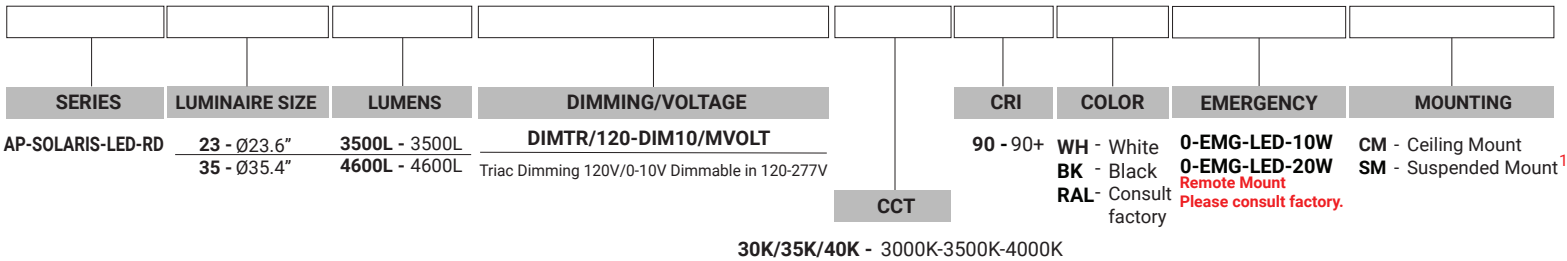

**WARRANTY**

Five-year warranty for parts and components. (Labor not included)
