2500	40W
3500	50W

OPTICS & PERFORMANCE

Meticulously designed with evenly spaced LEDs to provide a uniform, glare-free illumination reminiscent of a luminous halo. This ingenious technology minimizes glare and eradicates any hot spots, granting you unrivaled light control. Complementing this innovation, our one-piece diffuser disperses light evenly in every direction, resulting in a seamless and ambient glow that transforms your environment into a captivating haven of illumination.

CONSTRUCTION

Indulge in the sleek allure of our LED lighting system, where an impeccably crafted aluminum body and seamlessly integrated one-piece diffuser coalesce to form a strikingly contemporary design.

Immerse yourself in the epitome of sophistication as the low-profile slot canopy conceals the inner hardware, leaving you with an uncluttered and refined aesthetic. This luminaire, artfully constructed with a combination of premium aluminum, metal, and PC, exemplifies modern aesthetics and high-quality durability.

Through its Cover, this LED masterpiece delivers unparalleled illumination, creating an ambiance of refined elegance and technical prowess that complements any modern setting. Elevate your space with the artistry of lighting, where innovative design meets impeccable engineering for a truly transformative experience.

MOUNTING

Suspended mount option. Delivered with adjustable 10-ft length cord, our pendant mount provides the flexibility you need for a seamless installation. Engineered to accommodate various mounting heights and ceiling types, including sloped ceilings, this lighting solution offers adaptability to suit any space.

For added convenience, our canopy can be directly mounted to the junction box, facilitating below-the-ceiling access for easy maintenance and servicing.

ELECTRICAL

Powered by high-quality constant-current power LED drivers rated for 50 to 60Hz at 120V input, produce less than 20% THD, and have a power factor between 0.90 and 1.00. LED driver compartment.

DIMMING & DRIVER INFORMATION

DIM10 Flicker Free 1% Dimming Standard (DIM10) 0-10V dimming on either MVOLT 120 or 277V. 347V please consult factory.

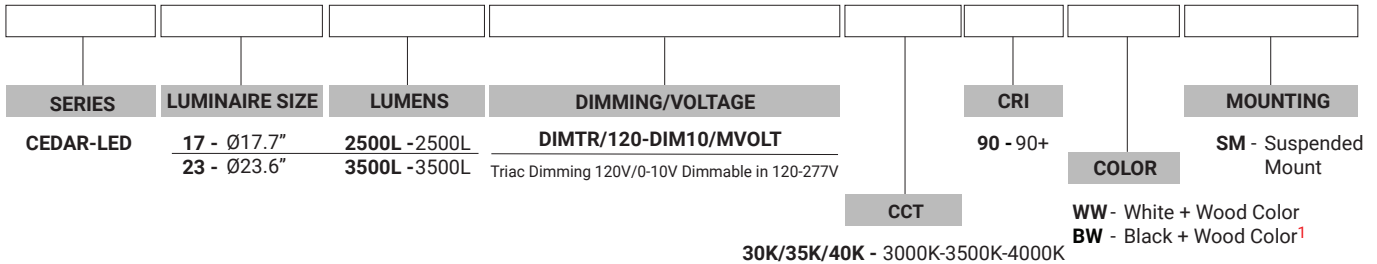

WARRANTY

Five-year warranty for parts and components. (Labor not included)
