# ELX-503
## LED Exit Sign

**MAXILUME**
ARCHITECTURAL LIGHTING

Architectural

## FEATURES
This fixture is an excellent choice when fast installation and an attractive appearance are priorities. Its long-lasting LEDs consume less than two watts of energy and are rated for a life of up to 25 years.

## BODY
• The thermoplastic housing of the product makes it corrosion-proof and scratch-and impact-resistant.
• UV-stabilization prevents discoloration of the product.
• Every fixture includes a canopy, extra faceplate, and replaceable chevron directional indicator knockouts for control of direction.
• Components shaped by precision injection molding and has ½" knockouts for the supply of power.

## FACE
• 6" high text with color diffusion
• Knockout directional chevrons
• Single or dual construction. Lettered face is available for applications where dual face is chosen.

## MOUNTING
• Unique "snap-together" universal mounting design permits top, back and side mounting. Necessary hardware and canopy are provided.
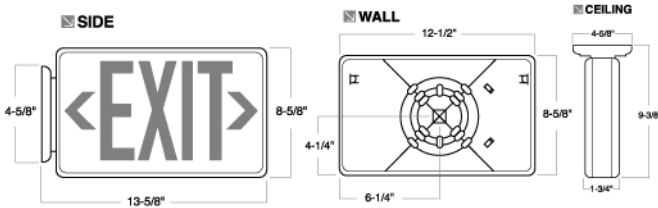

## ELECTRICAL
• 120V or 277V input
• Consumes only 2 watts of power
• LED lighting
• Safeguard against short circuits, power surges, and brown-outs

## LIFE SPAN
• LED and PC circuits have a rating of about 25 years without a drop in illumination

## LISTED
• UL 924, NFPA, NEC, State & Municipal
• Damp location approved
