## FEATURES

This City of New York approved fixture is an excellent choice when a heavy-duty emergency light is required. In cases of AC power loss, it provides a minimum of 90 minutes illumination. A trouble-free lead-acid rechargeable battery is provided with the fixture. The lamp heads may be adjusted through the full range of motion because of the special swivel-track design.

## BODY

- Heavy 20-gauge steel construction
- Power may be supplied via wall

## FACE

- Single construction.
- 8" high text with color diffusion
- Knockout directional chevrons

## LAMPS

- Two/Three 9-W PAR36 lamps
- Moveable glare free light heads with positioning lock.

## ELECTRICAL

- Universal 120V or 277V dual Input
- Reset is automatic
- Hassle-free wiring without the need for additional hardware.

## TESTING

- Test button
- Solid state line latched low voltage disconnect to avoid deep discharge.
- Safeguarded against short circuits
- Power is automatically interrupted in cases of brown-out.

## LISTED

- UL 924, NFPA, NEC, State & Municipal
- Damp location approved
