ELX-LED-618-G/R-1-CL-AL

UNIVERSAL LED EDGE-LIT EXIT SIGN
RED - GREEN

SWITCH FROM RED TO GREEN

EXIT   EXIT
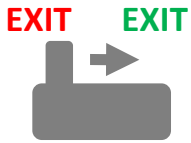

**Switch from Red to Green
Default factory setting: Red**
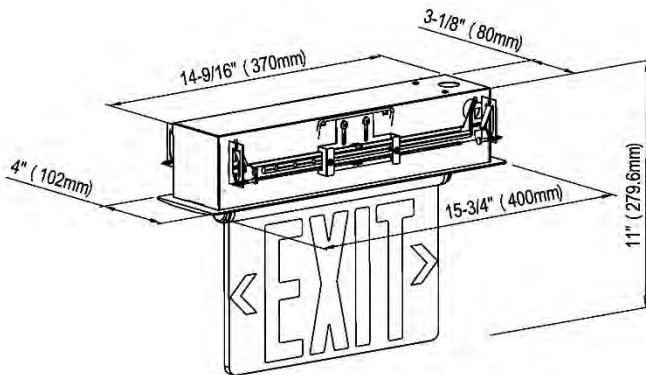

FEATURES
Designed to be visually appealing, energy-efficient, and easily visible in various lighting conditions. The sleek and thin profile design blends in well with modern architectural aesthetics and minimizes visual impact on the surroundings. The edge-lit technology, combined with the use of high-contrast colors and clear font, ensures that the exit sign is visible from a distance and under various lighting conditions. Field selectable red-to-green switch and vice-versa.
