

EM-312

Small Aperture Round LED Gimbal
Recessed Housing and Trim

5 Watts / 300 Lumens

Catalog Number:

Project Name:

Note:

Type:

DESCRIPTION:

The sleek design of the round recessed Mini-LED gimbal is the ideal solution for both commercial and residential applications with minimal ceiling depth, including cabinets, niches, bookshelves, and display cases. The unique gimbal design delivers a precise, aimable accent lighting source up to 35° off vertical, with a 360° rotation.

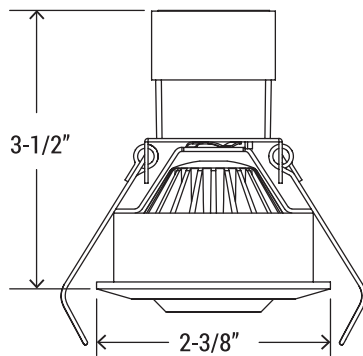

FEATURES:

- High quality illumination with up to 96 CRI and 98 R9 values
- Designed to replace 20W halogen lamp while consumes 5W
- Available in 3000K and 4000K
- IC rated for insulated and non-insulated applications
- Providing 50,000 hours of life, with 70% lumen maintenance
- 5-year limited warranty

TRANSFORMER:

A remote mounted transformer is required, utilizing an electronic or magnetic Class 2 120V to 12V DC:

- LED-HU-ELV-DIMTR-DC-12-25
- LED-HU-ELV-DIMTR-DC-12-50
- LED-HU-ELV-DIMTR-DC-12-60

SPECIFICATIONS:

LUMENS	300 lumens
WATTAGE	5W
CCT	30K, 40K
CRI	90
VOLTAGE	12V
FINISH	White
APPLICABLE ENVIRONMENT	Dry/Damp location
