Low Voltage Track Projector

The precision optics, adjustable focus barrel and smart design make the Elite Projector Track excellent for applications requiring precise framed lighting such as art galleries, exhibits and showrooms, dramatically enhancing the beauty of the illuminated object without the observer being distracted by the surroundings. The equipped adjustable barrel can also be adjusted to widen or narrow the light focus on the object. It also has a locking screw to hold the accurate focus. There are many available accessories such as colorful lenses and filters that can be used to create visual effects.
