Back side

Pair With RF Receiver

Step 1: Wire the RF receiver according to the wiring diagram. (Please refer to the instruction manual of the RF receiver that you would like to pair with).

Step 2: Click the "Learning Key" button on the RF receiver or power on the receiver three times continuously to set it into pairing status.

Step 3: Click any button on the remote (e.g., button ) . LED lights connected to the RF receiver will flicker once, indicating successful pairing between the receiver and the remote.

NOTE: One receiver can be paired by max 8 different remote controls.

INSTALLATION
