

FEATURES

Elite Lighting's **Architectural Pendant Series**, including the OPR line, delivers a refined balance of performance and design. Engineered with highly efficient LEDs and advanced optics, these pendants feature a slim 2-3" extruded aluminum profile with **bold, sculpted forms** that provide glare-controlled, visually comfortable illumination.

Achieving up to 100 lumens per watt while maintaining a low UGR, the series offers exceptional efficiency without sacrificing visual comfort. Customizable profiles and optical distributions allow pendants to be fabricated in a **wide range of geometric shapes**—circle, square, rectangle, triangle, hexagon, and more—empowering limitless architectural expression.

Designed with a human-centric approach, Elite Lighting Architectural Pendants integrate seamlessly into modern spaces, elevating interiors with clean geometry, premium performance, and inspired illumination.
