

<b>LIGHT SOURCE</b>	E26 Socket (1x A19 not included), No Light Source (NLS)	<b>CORD / CANOPY COLOR</b>	WH (White), BK (Black)
<b>VOLTAGE</b>	120V	<b>MATERIAL COLORS</b>	Refer to SoftSense T-Material Color Chart

"Shade" are acoustic pendant or suspended fixtures that can be ordered with an LED light source or an E26 socket to fit an A19 bulb. These aesthetically pleasing lampshades allow you to adjust the reverberation rate and brightness of your space. Hang them around open-concept areas to minimize distractions, increase focus, and bring a peace for everyone.

**Dome** - A suspended acoustic lampshade defined by its smooth, rounded profile and balanced proportions. The curved form helps soften both sound and glare, creating a calm, evenly diffused lighting effect. Designed for use with standard E26 lamps, Dome offers a clean, versatile aesthetic that integrates easily into a wide range of interior environments while contributing to overall acoustic comfort.

## DIMENSIONS

## ACOUSTIC MATERIAL

Made from 100% polyethylene terephthalate (PET), with 50% post-consumer recycled material. PET is a moisture resistant green product with no added chemicals, binders, adhesives or dyes. While made from the same materials as our acoustic panels, this product features a thinner acoustic that has been thermoformed into shape, resulting in a firmer, more rigid texture.

## WELL FOR SOUND

This luminaire is recommended for use as an acoustical absorption surface to limit reverberation times (RT) in a given space. This luminaire contributes to noise reduction and vibration dampening to promote focus and concentration. Reverberation needs to be calculated in each space based on the materials used.

## PRODUCT SPECIFICS (exact size in mm)

Medium - diameter: 25.2" (640), height: 11.8" (300)

## MAINTENANCE / CARE

Acoustic material can be cleaned with a clean, soft, lint-free cloth or a vacuum.

## WARRANTY

Limited 5-year Warranty. (Labor not included.) Please consult factory.

## LISTINGS

ETLus Listed to UL1598 (Suitable for dry locations only). Max 60W.  
ASTM E-84 Fire Rated (acoustic only)  
SCS Recycled Content Certified (acoustic only)

## NO LIGHT SOURCE

## RETROFIT LIGHTING - fits any standard E26 Bulb. (Bulb not included.)

1 x A19/Medium (E26)/100W/120V Incandescent  
1 x A19/Medium (E26)/120V LED
